Biography:

Mr. Allen Pope is a 1984 graduate of North Carolina State University with a Bachelor Degree in Civil Engineering. He is also a registered Professional Engineer in North Carolina. He started his career with the Department of Transportation in the year of his graduation as an Assistant Resident Engineer in Clinton, North Carolina. After being transferred to Wilmington in 1988, Mr. Pope was promoted to Resident Engineer. The contract administration and inspection of US 17 widening in Brunswick County was one of his major accomplishments. He has also served as an Assistant to the Division Engineer, as Division Operations Engineer, where he managed the Traffic Services, Roadside Environmental, Division Design Construct and Safety Units. He was promoted to Division Engineer in May of 2000 and is responsible for all Department activities within Division 3. He is married to Mrs. Betty Pope and they have a 12-year old son, Will.
